

World Rectal 3 Conference

on Organ Preserving Perspectives

Montreal, April 30 - May 2, 2015

Montreal

Rome

Leiden

PROGRAM

3rd World Rectal Conference on Organ Preserving Perspectives

McGill University, Montreal, April 30–May 2, 2015

Salon Cartier I & II (Centre Mont Royal)

Thursday, April 30, 2015		
08:00 – 08:10	Welcome	G Batist
08:10 – 08:15	Agenda of the meeting	T Vuong
08:15 – 08:20	Case Presentation	S Liberman
Socio-economics of colo-rectal cancer <i>Moderators: L Pahlman and C Richard</i>		
08:25 – 08:40	Epidemiology and particularities of the elderly population	D Wan-Chow-Wah
08:45 – 09:00	When not to operate	C van de Velde
09:05 – 09:20	How to select patients with locally advanced rectal cancer for total or partial organ preservation	H Rutten
09:25 – 09:40	National Standard Setting for Rectal Cancer in the USA	J Monson
09:45 – 10:00	Nation-based tumor registry	L Pahlman
10:05 – 10:20	Impact on colo-rectal cancer after 10 years of colo-rectal cancer screening	P Quirke
10:20 – 10:40	Questions	
10:40 – 11:00	Coffee break	
Surgery (indications and limits) <i>Moderators: S Liberman and H Rutten</i>		
11:00 – 11:15	TME surgery and functional results	T Phang
11:20 – 11:35	Functional results post HDRBT	C Richard
11:40 – 11:55	Laparoscopic approaches for proctectomy and low rectal anastomosis	CP Delaney
Tumor Imaging <i>Moderators: O Chagnon and V Pelsser</i>		
12:00 – 12:15	Selecting patients for organ preservation: Which imaging modalities are best?	G Brown
12:20 – 12:35	Post neoadjuvant CT-RT evaluation	B Gallix
12:40 – 12:55	Role of PET scan in the post treatment evaluation	R Perez
12:55 – 13:15	Questions	
13:15 – 14:15	Lunch	
The patient perspectives <i>Moderators: B Stein and JP Gerard</i>		
14:30 – 14:35	Québec patients' perspectives: APR/coloanal/LAR	C Richard
14:35 – 14:40	Surgical Alternative – A Manager's perspective	K Belley
14:40 – 15:05	The non-surgical option (UK): A patient's perspective	M Davies / B Racine
15:10 – 15:25	Medico-legal issues related to treatment choices	B Stein
Radiation Therapy as a Curative Modality <i>Moderators: B Cummings and MA Gambacorta</i>		
15:30 – 15:45	Watchful Waiting. The Danish Experience	A Appelt
15:50 – 16:05	Radiation therapy as a curative modality	JP Gerard
16:10 – 16:25	Contact X-ray brachytherapy as a boost, does it work?	ASMyint
16:30 – 16:45	McGill's Experience	R Nout
16:50 – 17:05	The HERBERT trial	C Marijnen
17:05 – 17:20	Questions	
Case Discussions <i>Moderators: J Monson, R Nout and K Bujko</i>		
17:20 – 18:00	Case Discussions	All participants

3rd World Rectal Conference on Organ Preserving Perspectives

McGill University, Montreal, April 30–May 2, 2015

Salon Cartier I & II (Centre Mont Royal)

Friday, May 1, 2015		
Treatment alternatives to standard surgery <i>Moderators: C van de Velde and J Marks</i>		
08:00 – 08:15	The TREC study (UK)	DS Montefiore
08:20 – 08:35	The CARTS study	C Marijnen
08:40 – 08:55	Early T2 tumors. Functional results	E Lezoche
09:00 – 09:15	The LEADER trial	SPucciarelli
09:20 – 09:35	The ACOSOG Z6041 trial	P Paty
09:40 – 09:55	Residual lesions after radiotherapy that appear benign clinically: what is an optimal organ-preserving treatment in such a case?	K Bujko
10:00 – 10:15	Local excision versus TME inpatients with good response after radio-chemotherapy for T2-T3 low rectalcancer: preliminary results of the GRECCAR 2 trial	V Vendrely
10:15 – 10:30	Coffee Break	
TEM related toxicities and neoadjuvant RT <i>Moderators: J Monson and M Boutros</i>		
10:30 – 10:45	TEM related toxicities and neoadjuvant RT	J Marks
10:50 – 11:05	Why a rigid platform for a trans-anal TME?	E Lezoche
11:10 – 11:25	Post TEM surgery	R Perez
11:30 – 11:45	Pro and cons of local excision vs. observation	E Rullier
11:50 – 12:05	TEM for early cancer - Quebec experience	A Bouchard
12:05 – 12:30	Questions	
12:30 – 13:30	Lunch	
Defining complete responders <i>Moderators: P Paty and E Lezoche</i>		
13:30 – 13:45	Definition, timing and significance of complete response after chemotherapy and radiation	A Habr-Gama
13:50 – 14:05	Defining complete response in 2015; is it time for a rethink?	F Smith
14:10 – 14:25	Watchful waiting for a clinical complete response after chemoradiation	G Beets
14:30 – 14:45	The French experience	JP Gerard
14:50 – 15:05	Salvage after watch and wait strategy	A Habr-Gama
15:05 – 15:40	Coffee Break	
Future trials <i>Moderators: S Liberman, R Nout and R Perez</i>		
15:40 – 15:55	OPERA trial	JP Gerard
16:00 – 16:15	GRECCAR 2 trial	E Rullier
16:20 – 16:35	UStrial	P Paty
16:40 – 17:00	Questions	
Case Discussions <i>Moderators: N Morin, J Marks and J P Gerard</i>		
17:00 – 18:00	Case Discussions	All participants

3rd World Rectal Conference on Organ Preserving Perspectives

McGill University, Montreal, April 30–May 2, 2015

Thursday, April 30, 2015 Jewish General Hospital Nurses Lecture Hall (A-139)		
17:15 – 19:00	Imaging workshop	(G Brown, B Gallix and F Desjardins)
Saturday, May 2, 2015 Jewish General Hospital Radiation Oncology Conference Room (G18-102)		
Predictive models to radiation response and New radiation modalities Moderators: D S Montefiore and B Cummings		
08:00 – 08:15	Computer controlled bacteria-mediated delivery to colorectal tumors	S Martel
08:20 – 08:35	Molecular predictors of radiation response	R Perez
08:40 – 08:55	Radiomics and prediction of pCR: state of art and new developments	MA Gambacorta
09:00 – 09:15	Direction Modulated Brachytherapy	W Song
09:15 – 09:30	Questions	
Role of chemotherapy Moderator: K Bujko		
09:30– 09:45	The KIR study	T Vuong
09:45 – 10:00	Role of chemotherapy in the era of organ preservation	T Alcindor
10:00	Closing Remarks	

This event is approved for up to **16 CME credits** by the Office for Continuing Professional Development. The Office for CPD, Faculty of Medicine, McGill University is fully accredited by the Committee on Accreditation of Canadian Medical Education (CACME).

This event is an Accredited Group Learning Activity as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada [RCPS: MOC Section 1].

Through an agreement between the Royal College of Physicians and Surgeons of Canada and the American Medical Association, physicians may convert Royal College MOC credits to AMA PRA Category 1 Credits™. Information on the process to convert Royal College MOC credit to AMA credit can be found at www.ama-assn.org/go/internationalcme.

Each physician should claim only credit commensurate with the extent of their participation in the activity.
